

Laboratory Certification in India

Dr. Chand Wattal

Chairman, Clinical Microbiology

Sir Ganga Ram Hospital, New Delhi

Healthcare Services Under Scrutiny Never Before

- **Public trust & confidence can be restored by demonstrating the serious pursuit of quality**

Laboratory Certification

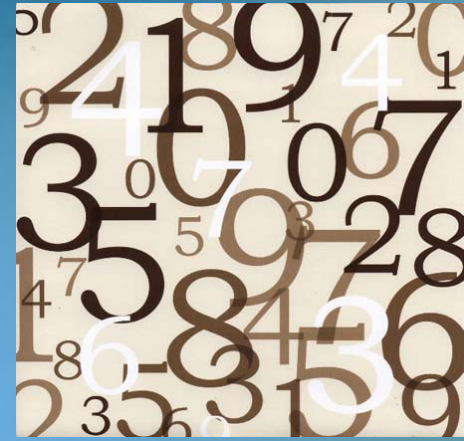

Formal recognition of technically competent laboratories through third party assessment.

Benefits

Laboratories which are quality conscious & are committed to continuous quality improvement will gain higher consumer acceptance

Indian Scenario

- **100,000 labs**
- **<50 accredited**

WHY?????

- Organized documentation tedious
- IQC /EQA expensive & limited availability

ACCREDITATION IS A JOURNEY

AND

NOT A DESTINATION.

BON VOYAGE !!!!!

HOW:2

Facilitator: C . Wattal
